01

P20P

Residential Building

Designed and constructed by Sotovikis + B. Located at 38°01'37"N 23°47'09"E P20P combines Modern Brutalism and Minimalism, bringing a new era of design to the suburbs of Athens, Greece. Although controversial and of another time yet to come, P20P has become a landmark which stands tall and mighty and is admired by most.

02

KK139

Residential Building

Designed and constructed by Sotovikis + B. Located at 37°50'10"N 23°46'11"E KK139, it combines Modern Brutalism and Minimalism, contrasting the norm of the Athenian Riviera. Introducing a new direction to the area's architecture.

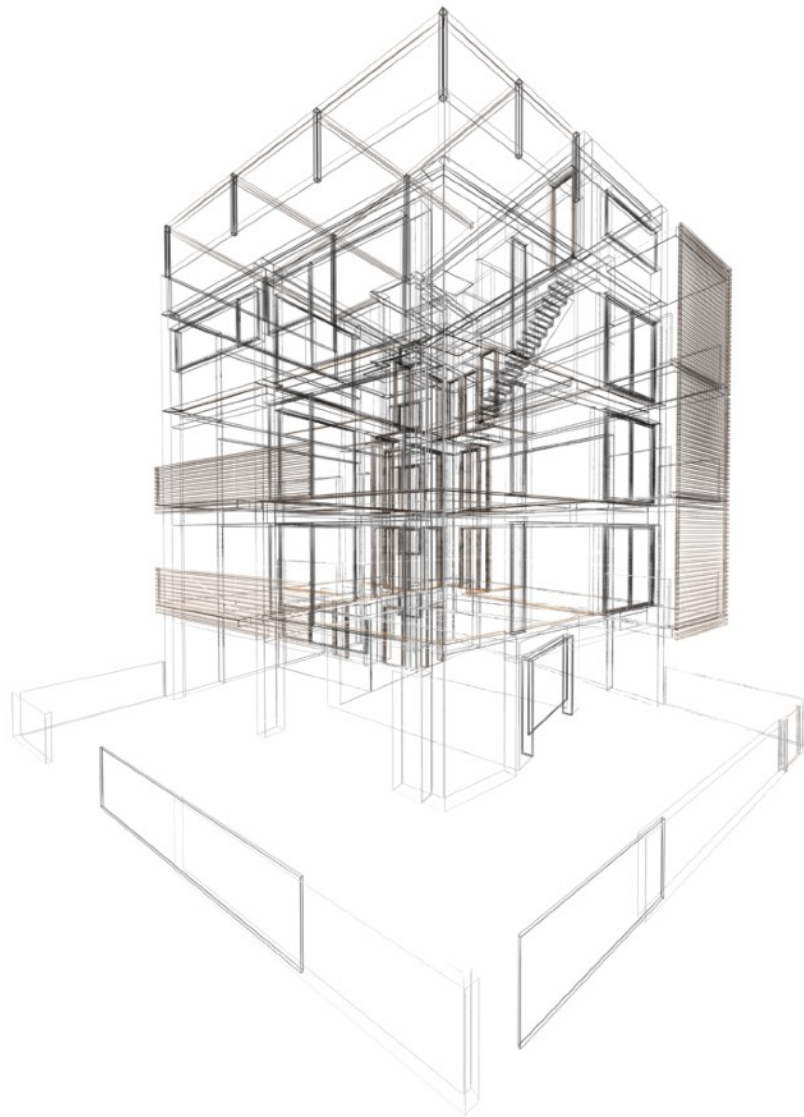

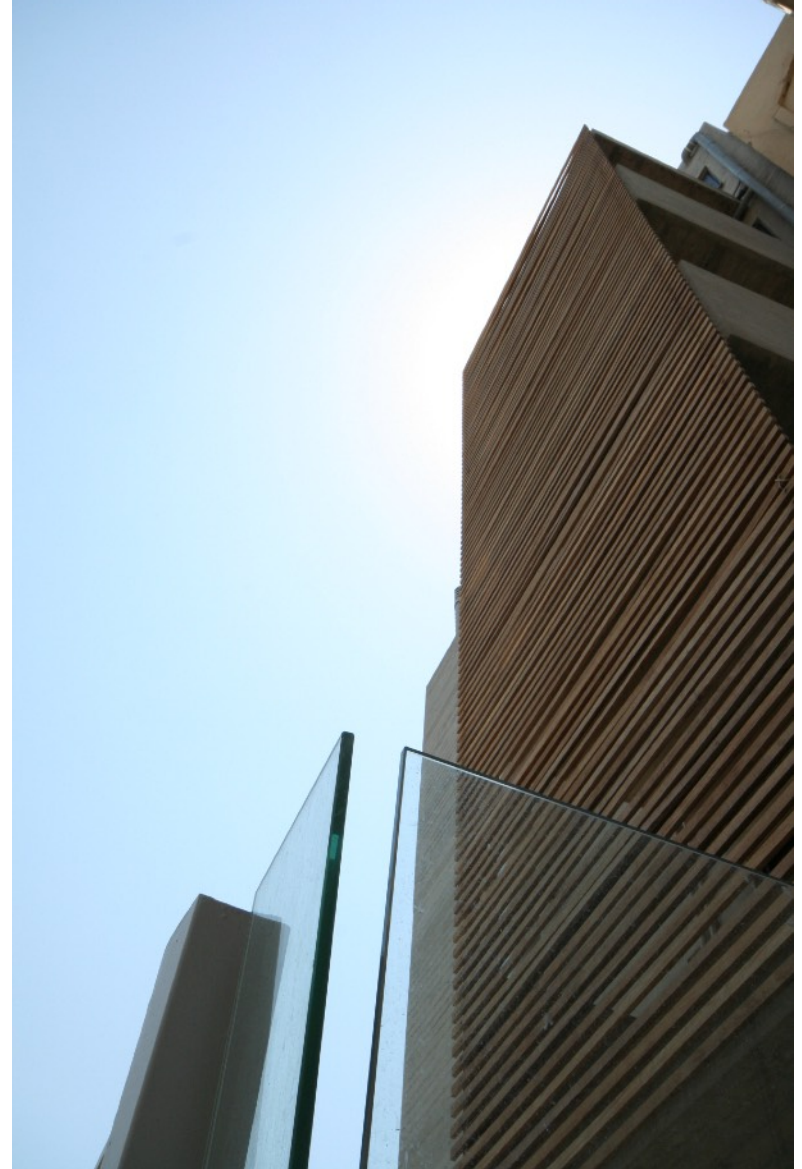

03

IMITOS

Residential Building

Designed and constructed by Sotovikis + B. Located at 37°56'56"N
23°44'25"E IMITOS takes its name after the neighbouring mountain
Hymettus. A modern-contemporary building made to last.

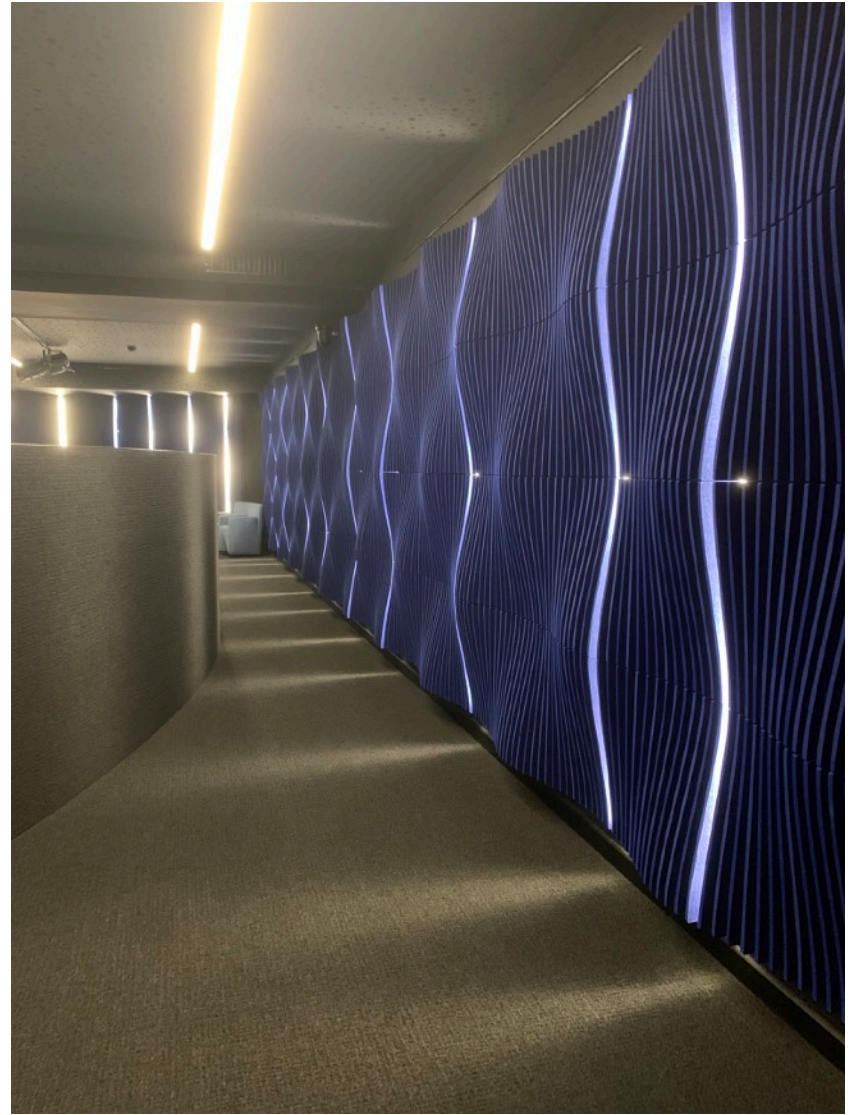

04

POLEMBROS

Office Building

Designed and constructed by Sotovikis + B. Located at 37°53'43"N 23°44'50"E, the Polembros offices are a combination of Modern and Futuristic design. Prominent from afar, this state-of-the-art building had one thing in mind a harmonious workplace which inspires awe.

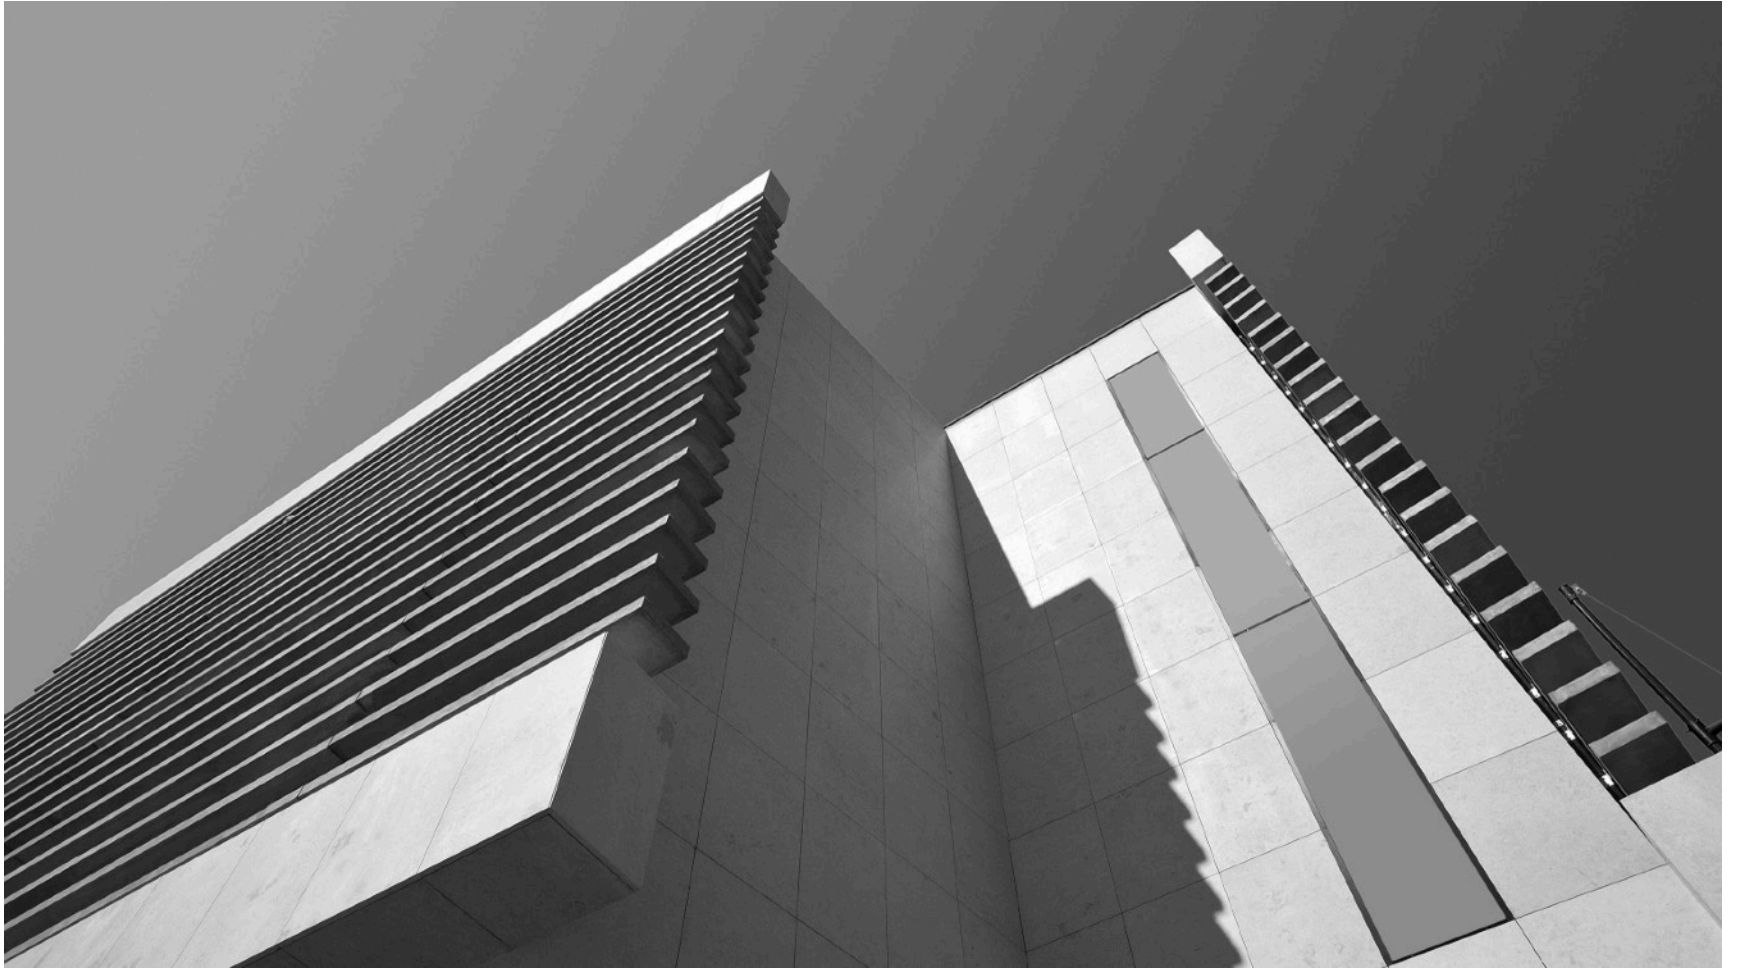

05

MONASTIRAKI

Commercial Building

Designed and constructed by Sotovikis + B. Located at 37°58'36"N 23°43'31"E, the commercial spaces in the city centre are a combination of Modern and Minimal design. Viewed daily and frequently visited this building is part of the daily life of most of the city centers' residents.
